

SAY NO TO STARBUCKS in Seven Corners!

Urban Works Real Estate wants to put a Starbucks into the old Ladd's Meat building on SE Division & 21st. This would be bad news for our neighborhood. Why?

- more traffic, including lots of “stop and go” visits
- profits will leave the area, instead of being spent locally
- rents could rise for nearby business owners & residents

What would be better?

- a business that encouraged people to stay awhile and shop other places in the area
- a local business that spends money with other local businesses (like printers and restaurants and contracted work)
- a reasonably-priced store that fits with the current mix of establishments, and won't drive out businesses or residents

***Join your friends & neighbors to
plan how to STOP this Starbucks!***
